The Company shall not enter into any contract with anyone other than a director, supervisor, president or other senior management to have all or a significant part of the Company's business in the care of the said person except under special circumstances such as where the Company is in a crisis, unless prior approval obtained by shareholders at a general meeting by way of special resolution.

Article 82 The list of candidate of directors and supervisors shall be submitted to the shareholders' meeting as a proposal for voting. The method and procedures for nomination of directors and supervisors are as follows:(I) The board of directors and shareholder(s) individually holding more than 3% of the Company's shares shall nominate candidate(s) for director(s);(II) The board of directors or jointly holding more than 1% of the Company's shares shall nominate candidate(s) for independent director(s). The Investor Protection Organization established according to law may publicly request the shareholders to exercise the right to nominate the independent directors on its behalf;(III) The board of supervisors or jointly holding more than 3% of the Company's shares shall nominate candidate(s) for supervisor(s) who is/are not employees' representative(s);(IV) The supervisor(s) representing employees shall be elected from the general meeting of employee representative(s);(V) When the board of supervisors nominates a candidate for supervisor(s), the nomination proposal, details of the nominated candidate's declaration or undertaking of the candidate shall be submitted to the board of directors 10 days before convening the general meeting. If there are any special requirements by the listing rules of the place(s) where the Company's shares are listed, such requirements shall prevail.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial system and for providing a clear audit trail. The second part of the document outlines the various methods used to collect and analyze data, including surveys, interviews, and focus groups. The third part of the document describes the results of the research, which show that there is a strong correlation between the use of accurate records and the overall health of the financial system. The fourth part of the document provides recommendations for how to improve the accuracy of records and for how to better collect and analyze data. The fifth part of the document concludes the report and summarizes the key findings.
